

ABOUT US

Wild K9s, led by Amy, a Zoologist and Certified Canine Behaviourist and Trainer, offers an innovative, fun, and ethical approach to dog training and behaviour.

Amy's games-based, force-free methods ensure lasting real-life results for dogs of any breed, age, or background.

Fully insured, Wild K9s focuses on building strong bonds through kindness and effective communication.

Whether tackling basic manners or complex behavioural issues, Wild K9s helps your dog thrive through care and connection.

HELP THEM MAKE GREAT DECISIONS

Concept training is a revolutionary approach that goes beyond traditional training methods. Rather than simply teaching your puppy to follow commands, concept training helps develop their cognitive abilities and emotional intelligence.

Our unique approach:

- **Builds Resilience:** Teaches your puppy to handle various situations confidently and calmly.
- **Enhances Problem-Solving Skills:** Encourages your puppy to think independently and make good decisions.
- **Promotes Better Behaviour:** Focuses on understanding and modifying underlying emotional states, leading to lasting behavioural improvements.
- **Strengthens the Bond:** Creates a deeper connection between you and your puppy through positive, force-free, and fun interactions.

WELCOME

We believe that every puppy deserves the best start in life. Our 121 Puppy Life Skills Course is designed to provide personalised, one-on-one coaching that focuses on your puppy's individual needs and personality, setting them up for a lifetime of success. Say goodbye to draughty village halls and discover the benefits of concept training at home with Wild K9s.
